

# Elmhurst

£19.99

## Product Images

## Description

Made using exclusive next generation 'UltraYarn' the Oakhurst Range offers the ultimate recovery properties after use.

The 'U' shaped blades have been designed to spring back quicker so when compared to more traditional flat yarns, 'UltraYarn' is superior and will show minimum signs of flattening throughout its life. The natural 4 tone green colour Oakhurst range can be used to cover all applications from lawns, patios and pool surrounds to roof terraces and play areas.

- For a freshly cut look see the [Oakhurst Stripe](#) version of this grass.
