Description

Exclusive multicolour blade giving a fantastic just mown stripe effect. This grass is super soft and lustrous giving it an excellent feel and comfort level. It has a slight colour change every 50cm across its width giving the effect of just cut grass.

The 'U' shaped blades have been designed to spring back quicker so when compared to more traditional flat yarns, 'UltraYarn' is superior and will show minimum signs of flattening throughout its life. The natural 4 tone green colour Oakhurst range can be used to cover all applications from lawns, patios and pool surrounds to roof terraces and play areas.

- Permanent just mown look.
- Excellent joining characteristics between sections
- Also available in a standard plain version see [Oakhurst](#)
